## KUES Series Ethernet Switch

The Klemsan KUES series unmanaged industrial fast Ethernet switches are specifically designed for industrial use. The devices, housed in durable metal casings, feature 5-port, and 8-port 10/100 Base-TX connection points. They are built to withstand operating temperatures ranging from -40°C to 75°C and are additionally equipped with highly resistant components to withstand vibration and impact.

- 5 and 8 port options
- 10/100 Base-TX
- Operating temperature range of -40°C to 75°C
- Surge Protection
- ESD Protection
- IP30 Protection Class
- Durable Aluminum Casing

| Product Name | Order No | Definition                | 5 ports | 8 ports | -40°C / 70°C | Aluminum Enclosure | 10/100 Base-TX | ESD Protection | 12-48 V DC/DC Besleme |
