

PRODUCT DESCRIPTION

U-handles are used, for example, on machine doors, furniture doors, cabinet doors, drawers and drawer units.
These U-handles made of glass fibre reinforced plastic are characterised by their ergonomic and stable construction and their simple and timeless design.

Material

- Handle**
- Thermoplastic PA, glass-fibre reinforced, black

Assembly

Mounting is done from the operating side by means of a cylinder screw.

DRAWING

For for cylinder head stud
ISO4762 – M6/M8/M10
